Punctuality

Communication

Peter Wolf war von Anfang an in dieses Großprojekt involviert, von der Konzeption bis hin zu ersten Prototypen und dem finalen Produkt. Sein Aufgabenbereich umfasste Frontend-Tätigkeiten auf Basis von Next.js / React und Typescript. Hierzu zählten: Komponenten definieren, Types anlegen, Formulare bauen / validieren / strukturieren, Seitentypen entwickeln und mehrere Themes konfigurierbar zu entwickeln. Für unterschiedlichste Integrationen wurden sowohl Admin-Bereiche, als auch Frontend-Bereiche entwickelt. Hat alles super geklappt :-)

Industry : Tourism

Tasks

The all-in-one marketing hub for the travel industry!

With such a friendly user experience, your destination, hotel, airline, restaurant, and more... can be accessed...

Jorge Paul · 1st

Team Lead Web Development at WBS CODING SCHOOL

February 6, 2023, Jorge managed Peter directly

It is with great pleasure that I recommend collaborating with Mr. Peter Wolf in any capacity, both as a technical instructor for web technologies as well as a web developer itself.

I was Mr. Wolf's direct supervisor during his collaboration with us as a Lead Instructor for our Web Development bootcamp taught in German. In his classes, he displayed great dominion of the contents of our curriculum, exemplary organizational skills and a good deal of ownership towards his students' journey.

I know he will be a great addition to any of your future projects and ventures. If you have any questions regarding Mr. Wolf's role with us, please feel free to contact me.

Kseniya Klyunya · 1st

Digital Project Manager | SEO Expert | Digital Strategy Specialist

September 28, 2021, Kseniya worked with Peter on the same team

I had the big pleasure to be a part of the team lead by Peter at AVIAREPS AG. He is truly an exceptional leader, innovator and excellent expert in tech and digital world. With his example, he always encouraged me to think outside of the box and was always supportive in case I needed any help or guidance. What I liked the most about working with Peter, is that I always felt my opinion mattered and therefore, I always felt motivated to work on the assigned tasks or projects.

Also I would like to note that Peter has shown to be up to date on the most recent trends and innovative solutions in the digital industry. Thus all the projects we have been working on, and majority of products which were created under his leadership, were truly successful and fully accepted by relevant markets.

I wish great success to Peter Wolf in his personal and private life, as well as in leading new exciting projects in the tech industry. I hope I will have the pleasure to work with him again in the future.
