To,
The Hiring Manager,

This is to express my interest in job posting on your career portal. With Master's in Computer Science & overall, 9 years of experience wherein 4+ years into Creative Data Analytics which includes - data sourcing, cleansing, aggregating up to creating, modelling, evaluating, visualizing & automating reports/dashboards for important KPI's. Proficient knowledge in SQL, Tableau, Python, Exploratory Data Analysis, Visualization, Univariate/Bivariate Analysis, A/B Testing, Statistics, Hypothesis Testing, Supervised & Unsupervised Machine Learning which enable informed decision-making for an organization in various domains such as LMS, BFSI, OTC Derivatives, EMIR & Dodd Frank Regulations.

The opportunity to join your organization greatly interests me as I have a unique ability to manage, lead through the planning, development & visualisation stages of Data Science, which turn to be qualified elements to fit with the mentioned position standards.

My key responsibilities include leading & managing the execution of the data analysis, data migration projects as an IT Analyst & Subject Matter Expert associated with providing technical expertise for action-oriented analyses & recommendations to stakeholders, to help in decision-making for various stakeholders/customers and organization.

Having said that I also understood the need for the German language to integrate with my colleagues, I am pursuing A2 level in German language course.

Currently I am based out of Berlin, Germany. I am ready to join immediately as per employer's required timeframe.

If provided a chance, I am ready to attend interviews over Telephone or through Skype or Face to Face round of interviews. I believe that I would make a valuable asset to your team & I offer my resume for your review. I can be reached any time via my cell phone, or email.

I thank you for your time and consideration, and I look forward to hearing from you.

Sincerely,
Vishnukant Peddawad
